# CLAUDIA MENDEZ

NCOIC, Force Management & Assignments

## PROFILE

Highly analytical Force Management professional and Subject Matter Expert (SME) in Air Force personnel systems, including MilPDS, AFRISS-R, myFSS, AROWS-R, and UTAPS. Proven ability to bridge the gap between operational needs and system capabilities. Skilled in analyzing complex personnel data, identifying system/process gaps, and serving as a critical liaison between end-users and higher headquarters (AFRC and ARPC). Currently pursuing an M.S. in Data Science & Analytics, combining deep functional expertise in duty status, mobilizations, and pay integrations with advanced analytical skills to drive enterprise-wide system improvements.

## MILITARY EXPERIENCE

**NCOIC, Force Management & Assignments** Aug 2025 – Present
HQ RIO Detachment 4, Scott AFB, IL

- Serves as a primary front-line user of MilPDS, AFRISS-R, RMVS, myFSS, and myVector, processing high-volume, cradle-to-grave assignment actions including IMA-to-TR, IMA-to-IMA, IMA-to-Voluntary IRR, and other transitions across the Air Force Reserve.
- Creates and manages job vacancy advertisements in RMVS, processes applications, and executes hiring actions — moving members into new positions and out to gaining assignments both within and outside the agency.
- Identifies workflow friction and systemic process issues through daily MilPDS/RMVS casework, providing direct feedback to leadership and functional experts and coordinating resolutions across HQ AFRC, HQ ARPC, Force Support Squadrons, and Joint/Unified Combatant Commands.
- Serves as the unit's Subject Matter Expert (SME) on official correspondence and documentation standards, supporting consistent, policy-compliant outputs across assignment and readiness processes.
- Supports manpower case management, reviewing and concurring/non-concurring on manpower change requests including AFSC upgrades, PASCODE changes, and SAR (security clearance) upgrades.

**NCOIC, Commander Support Staff** Feb 2023 – July 2025
313th Airlift Squadron, JBLM, WA

- Functioned as the primary MilPDS and system requirements lead for squadron personnel demands, managing promotions, reassignments, and separations.
- Conducted end-to-end analysis of the Unit Personnel Management Roster (UPMR) and Unit Manning Document (UMD), auditing data to validate authorizations and ensure precise staffing alignment.
- Executed process validation and tracked system participation using MilPDS, AROWS-R, AFRIMS, UTAPS, MICT, myEval, and myFitness, sustaining unit readiness levels exceeding 90%.
- Diagnosed and resolved administrative and system discrepancies, directly supporting commanders with actionable data and process improvements.

**Commander Support Staff** Jan 2022 – Jan 2023
446th Operations Group, JBLM, WA

- Administered commander's programs and processed personnel actions, updating databases and resolving administrative discrepancies.

## SKILLS

**Adobe Creative Cloud**
Illustrator, Photoshop, InDesign, Final Cut Pro, Lightroom, Premiere, Acrobat, and After Effects

**Microsoft Office**
Word, Excel, Publisher, Access, SharePoint, PowerPoint, Teams, and Outlook

**Programming**
Python, HTML, CSS, and Java

March 2020

## VOLUNTEER

Belleville Main Street Marathon
CASA of Southwestern Illinois
Belleville Area Humane Society
Veterans of Foreign Wars Post 8616

## REFERENCES

References available upon request

- Prepared and reviewed official correspondence, reports, and personnel records to uphold Air Force formatting and compliance standards.
- Utilized the Management Internal Control Toolset (MICT) to track and support compliance inspections and self-assessment programs.

**Commander Support Staff** Nov 2018 – Dec 2021
624th Civil Engineer Squadron, JBPHH, HI

- Managed administrative actions for the squadron's Commander Support Staff, serving as UTAPS Web Monitor, AROWS-R Order Specialist, and AFRIMS liaison/Records Custodian.
- Created, processed, and validated RMP and 40A orders; tracked members' tours, deployments, TDYs, and UTA attendance.
- Audited man-hours for accuracy and resolved pay discrepancies; reviewed leadership briefings for regulatory compliance
- Provided administrative support for the 624 CES, assisting with new member in-/out-processing briefings, facility tours, and unit orientation.
- Assisted with creating and maintaining personnel files, including appointment letters, alpha/recall rosters, evaluations, and decorations.

## CIVILIAN EXPERIENCE

**GS-0301-12 Program Specialist (Human Resources Liaison)** Sep 2023 – Present
Veterans Benefits Administration, Seattle, WA

- Provides technical and administrative support to directors and managers, developing and implementing policies, procedures, and guidelines to optimize staffing and classification workflow.
- Advises on classification assignments, staffing needs, and program requirements while preparing reports and briefings for leadership.
- Supports Recruitment and Placement Actions (RPAs), analyzing recruitment metrics and trends to improve processing times and hiring outcomes.
- Acts as liaison between HR specialists and hiring managers to ensure a compliant, well-documented candidate and staffing process.

**GS-0996-09 Veterans Service Representative** Jan 2022 – Aug 2023
Veterans Benefits Administration, Seattle, WA

- Reviewed and prepared complex veterans' benefit claims and applications for accuracy, completeness, and adherence to established procedures, using multiple systems and databases to process, track, and maintain confidential records.
- Provided in-depth counseling to veterans and their families on disability compensation, benefits, and entitlements, coordinating with interdisciplinary teams including medical, legal, and social work professionals to resolve inquiries and deliver comprehensive support.

**GS-0344-05 Management Assistant** Feb 2021 – Dec 2021
Tripler Army Medical Center, Honolulu, HI

- Supported the Program Analysis and Evaluation Branch and Resource Management Division, assisting in managing manpower, expenses, and workloads with an emphasis on data accuracy and timely reporting.
- Facilitated new personnel system account setup for 85% of incoming staff within 30 days of in-processing and conducted training on accurate reporting procedures.
